

The **GLOBAL** Indian

Sourcing Quality products
Meeting Customer Demands **promptly!**

India is forecasted as fastest growing economy in this decade.* MERCATUM is a

Merchant Exporter

as well as a global bulk trader from India trading a wide variety of physical commodities. MERCATUM source and export products from reliable producers of various commodities from across the globe at competitive pricing and as per buyer's specification. MERCATUM do business with new buyers and their authorised buyer agents with ease and please. MERCATUM is committed to give customers both buyers or suppliers, a good trading experience and look forward to establishing satisfying relationship with valued customers.

Exporters Agent

Manufacturers or Traders who are interested in selling products overseas in quantities and thereby wishes to increase their turnover shall grant exclusive rights to MERCATUM to identify potential buyers and distribute goods to specified places or areas where they are not selling but interested to.

Buyers Agent

If anyone is interested in importing from India but can't find a reliable Exporter who supplies right product; MERCATUM offer to provide required products along with proper services being a buyer agent in India.

Indenting Agent

For those who want to distribute products for the Indian market but are wary of dealing without a local agent who knows the local language; MERCATUM offer to professionally manage products/brands and promote those company's sales as their Indenting Agent in India.
